- Multiple streaming services
- On-demand access
- The session-based cast of content

# Benefits

- Cast with chromecast enabled apps
- Works with Android, iOS, Windows
- No transfer of personal access data
- No app download is necessary
- No PMS necessary

## Vi-Cast

High value for price solution which enables your guests to connect and cast with their mobile devices to the hotel TVs.

Vi-Cast passes over SmartTV function to every classic TV making them high-performance TVs reaching high standards of technology in the hotel industry.

## Vi-Cast project

# Hotel Dorint Strandhotel & Spa Westerland Sylt

## Meeting your guest habits

Guest habits today change faster than the hospitality branch can anticipate them. Therefore, implementing technology with which hotels can quickly and easily overpass their technical constraints give them an additional competitive edge.

Hotel Novotel  
Karlsruhe  
City

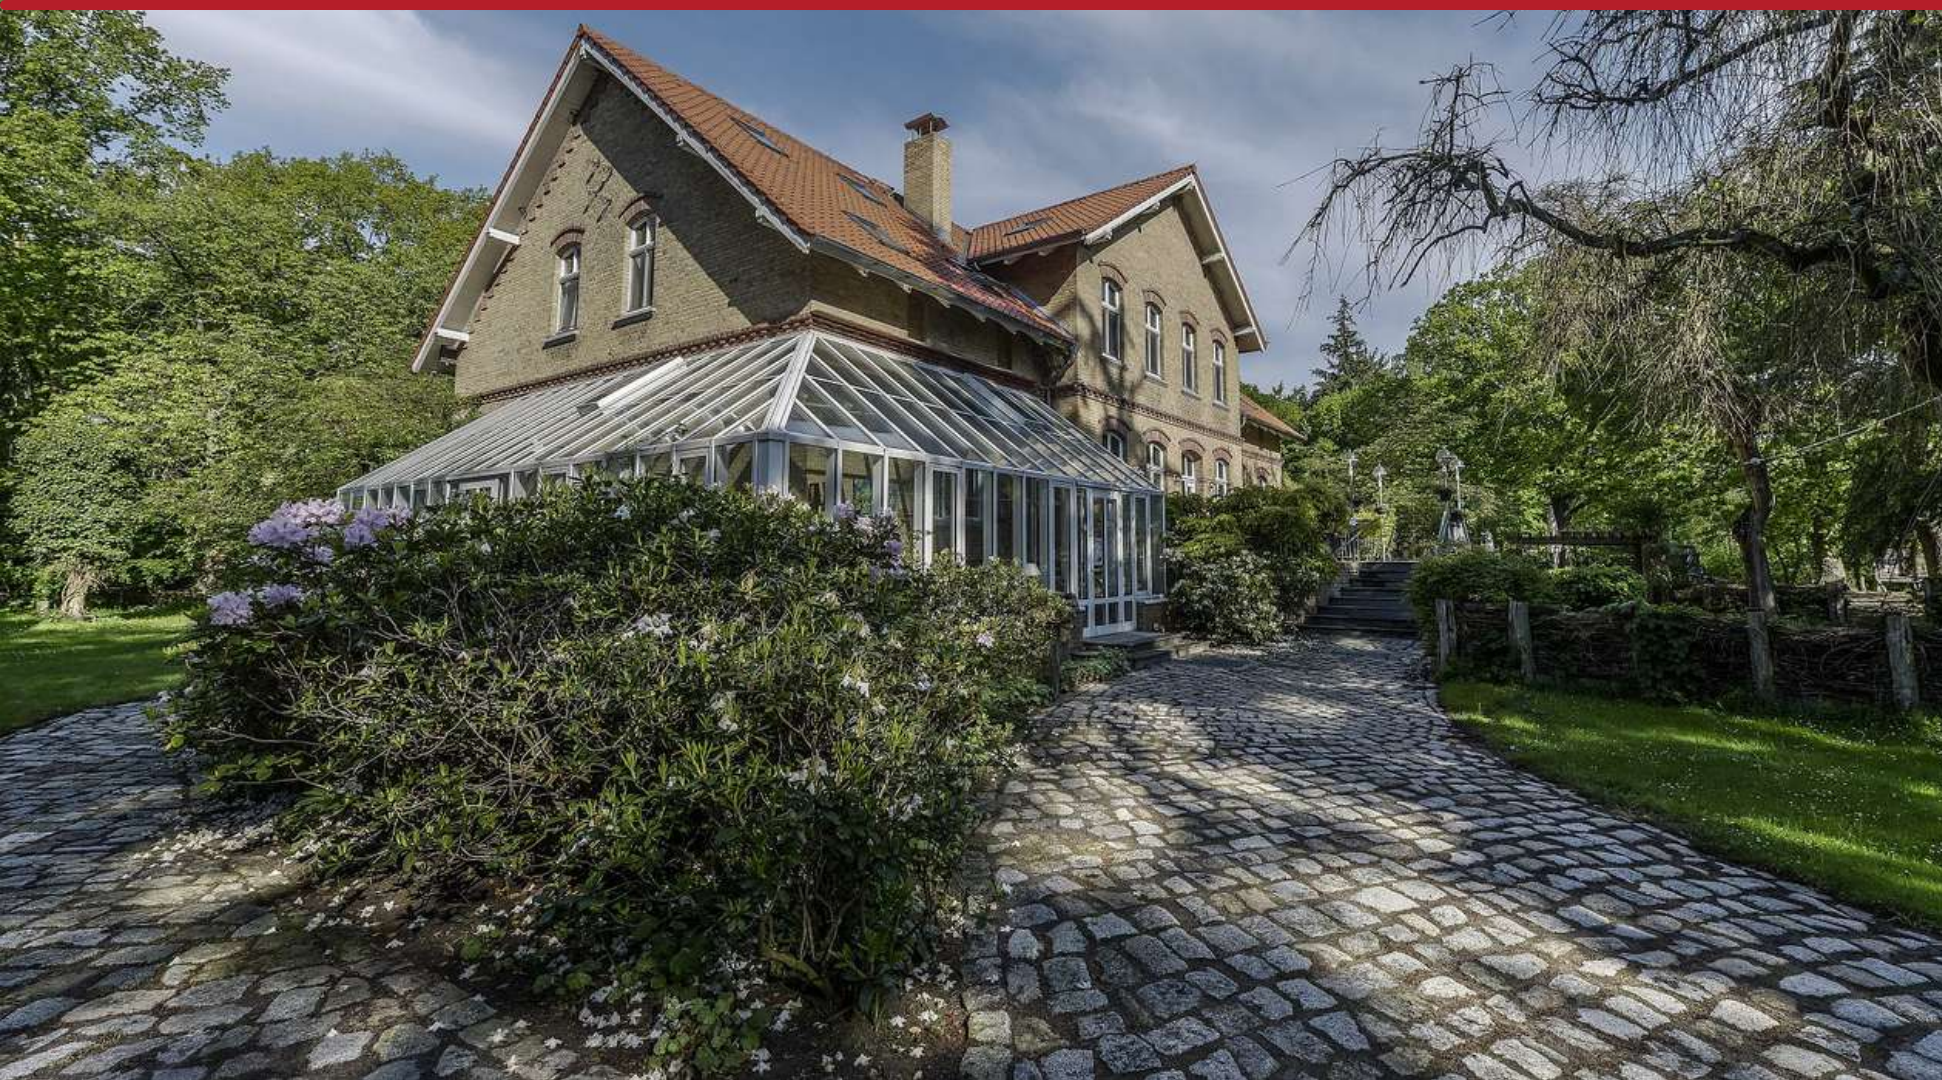

## Creating guest experience

Giving guests the possibility to indulge themselves in their daily habits like playing their favourite TV Show on Netflix or favourite song on YouTube, will be much more likely to lead a better guest experience.
